

Before your appointment

On the day of your appointment

Entering the Practice

In the treatment room

We will send you key information ahead of your appointment.

Before you leave for the practice, please ensure you have visited the lavatory, have hydrated and have brushed your teeth.

You may now enter the practice, we ask all our patients to wear masks unless exempt.

Remember to provide you with the right care and service we cannot adhere to social distancing, our team will therefore be in extra PPE gear.

You will be asked to fill out some electronic forms 24 hours before your appointment. These forms are vital to us to ensure we have the correct and current medical history information and patient contact details.

Please make sure you have had a light meal before any treatment.

Please use the hand sanitizer provided on entry.

All treatment rooms are cleaned and disinfected after each patient.

Please avoid bringing lots of things and particularly limit bringing valuables.

Our reception team will be sat behind a plastic screen for added protection.

We do still ask patients to pay by card where possible, however we can now accept cash payments.

We do have a few seats available in the waiting area but if the waiting room is full, we will ask if you can wait outside or in your car.

We do have limited priority seating available.

You will be required to complete the Covid pre appointment screening form before every appointment.
